

Achieving goals. Advancing lives.

Greetings Supporters,

This year Lakeview Health Services is celebrating 33 years of our annual benefit golf tournament! We are excited to see our friends on the course again this year and we hope you will join us in celebration!

Since our humble beginnings in 1978 with our opening of a small community residence in Naples, NY, we have grown to provide housing and services to thousands of individuals within a six-county area in the Finger Lakes. We provide safe and permanent housing for those recovering from mental illness along with affordable community apartments. Our Care Management, Community Support Services and Recovery Centers provide social and community supports essential to a person's overall health with programs for both children and adults.

Throughout the years, the generous sponsorship of our tournament supporters has helped to enhance the quality of life of our residents in so many ways. However, our programs continue to face great challenges amid the insufficient New York State budget allocations for one of the State's most vulnerable populations. We are asking if you will please consider participation as tournament sponsor.

By supporting Lakeview Health Services as a tournament sponsor:

- **You will have an immediate impact on the lives of the individuals we serve**
- **You will help to provide life enhancing outings and recreational equipment for our residential programs**
- **You will help our residents enjoy ordinary, everyday pleasures**

Any form of support helps! The attached sponsorship sheet will provide more details about the sponsorship levels for the 4-person team event.

As always, your support enables us to fully realize Lakeview's mission to help those we serve achieve meaningful life goals and become productive members of their communities.

We hope you will join us in tournament play and thank you for considering a sponsorship.

Sincerely,
Steve Shultz
Tournament Chair
