Residential Housing Services

Lakeview Health Services offers a variety of mental health housing programs to fit your personal needs. We welcome you to explore our Community Residence Programs, our Single Room Occupancy, or a more independent option with our Apartment Program.

"My RC helped me so much. I did all the work but she was always there for me during the most difficult times. I am 100% ready to start living on my own. This was the best place I have ever lived!" ***Bambi***

Certified Community Residence Program

Our Community Residence programs provide 24/7 support in a home-like setting for those struggling with mental health concerns. We offer assistance with all aspects of recovery with a goal to live as independently as possible in the community.

- *One-on-One Support*

Residents work with their Rehabilitation Coach to develop a person-centered service plan.

- *Daily Living Skills*

Staff and residents work together to acquire the skills and abilities needed to maintain healthy and primary activities of daily life.

- *Medication Oversight*

Staff educate the residents on how to order, store and self-administer their medications.

- *Linkage to Community Supports*

Linkages are made to resources in the community supporting physical and mental health as part of a regular well-ness routine.

- *Community Outings*

Opportunities for residents to participate in community activities.

Certified Apartment Program

Lakeview's Apartment Program offers support services to adults living with a mental illness.

We provide assistance with:

- Managing mental illness
- Life management skills development
- Fostering self-reliance
- Transitioning to the living environment of choice

We provide a variety of shared and single living environments in Ontario, Seneca, Tompkins, Livingston and Wayne counties.

The locations offer easy access to:

- Shopping
- Banking
- Recreation
- Health Care Providers

This program is certified by the New York State Office of Mental Health. Staff are on-site during the daytime and evening hours and are available by phone for emergencies overnight.

Achieving Goals, Advancing lives!

Single Room Occupancy (SRO)

The SRO is a single site program designed to assist those with severe mental health concerns and who have struggled living successfully in other types of residential programs. The SRO program offers 38 studio apartments with full dining services providing three meals each day and access to 24/7 staff.

A range of services is available from medication management to daily living skills along with various groups and clubs for the clients, all based on client desires and ideas. The SRO is not a transitional facility, so without the Medicaid billing requirements, both staff and clients have the ability to create service plans based on quality of life goals and dreams.

Located in Ithaca, NY the SRO offers an activities room, a large communal dining area, and reception area.
